

## Wichita (ICT) Tower Operation Raincheck

Receive a briefing on air traffic control and Wichita Tower and Approach Control services. Tour the tower and radar room and control traffic in our simulation lab. Wings credit available.

**Directions:** The Air Traffic Control Tower is located just to the east of the Wichita Mid-Continent Airport Terminal. No specific event parking is available. The short term parking lot across from the terminal is the closest public parking to the tower.

### A message from the National FAASafetyTeam Manager

Over 10,150 AMTs earned an AMT Award last year. Will you, this year?

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!

The FAA Safety Team (FAASafetyTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
